

Origami's EHS Suite enables you to transform your safety culture by empowering employees enterprise-wide to report incidents and conduct audits and investigations efficiently via web and mobile. Origami is more than just a safety platform—integration with risk management functionality enables you to tie safety initiatives with financial impact, including citations, fines, claims, and litigation, allowing you to track the impact of your safety programs.

PRE-CONFIGURED SAFETY STANDARDS

No need to start from scratch—leverage pre-built standards based on industry best practices and regulations.

FLEXIBLE PLATFORM

Access an award-winning service team to tailor existing safety features to the needs of your organization—or build new functionality.

About Origami Risk

Origami Risk was founded by industry veterans committed to designing intuitive web- and mobile-based software that streamlines how risk, safety, and insurance data is collected, analyzed, and shared. Origami provides an integrated platform of products including RMIS, safety, GRC, claims, analytics, and underwriting tools. The most experienced service team in the industry ensures that client success is our central focus. Contact us at ehs@origamirisk.com.
