

Enhancing insights and productivity

Origami Risk is advancing its platform technology for **enhanced performance and usability**, to deliver **smarter solutions**.

Our **deliberate approach to AI development and partnerships** prioritizes **data security** and **client-driven functionalities**, while giving users **full control** over their experience with **opt-in features** that elevate **risk and claims management**.

Productivity

Origami's **AI-driven automation** streamlines your operations by **eliminating manual tasks** and allowing teams to focus on more **strategic, high-value activities**.

- **Accelerate workflow processing and efficiency** with features like **email copy generation** and a **virtual assistant**.
- **See faster results** by reducing time spent on routine processes.
- **Achieve more with less effort** through **AI-powered automation** and **optimized workflows**.

Insights

By analyzing complex data, uncover **actionable insights** and **key trends** that drive **informed decision-making**.

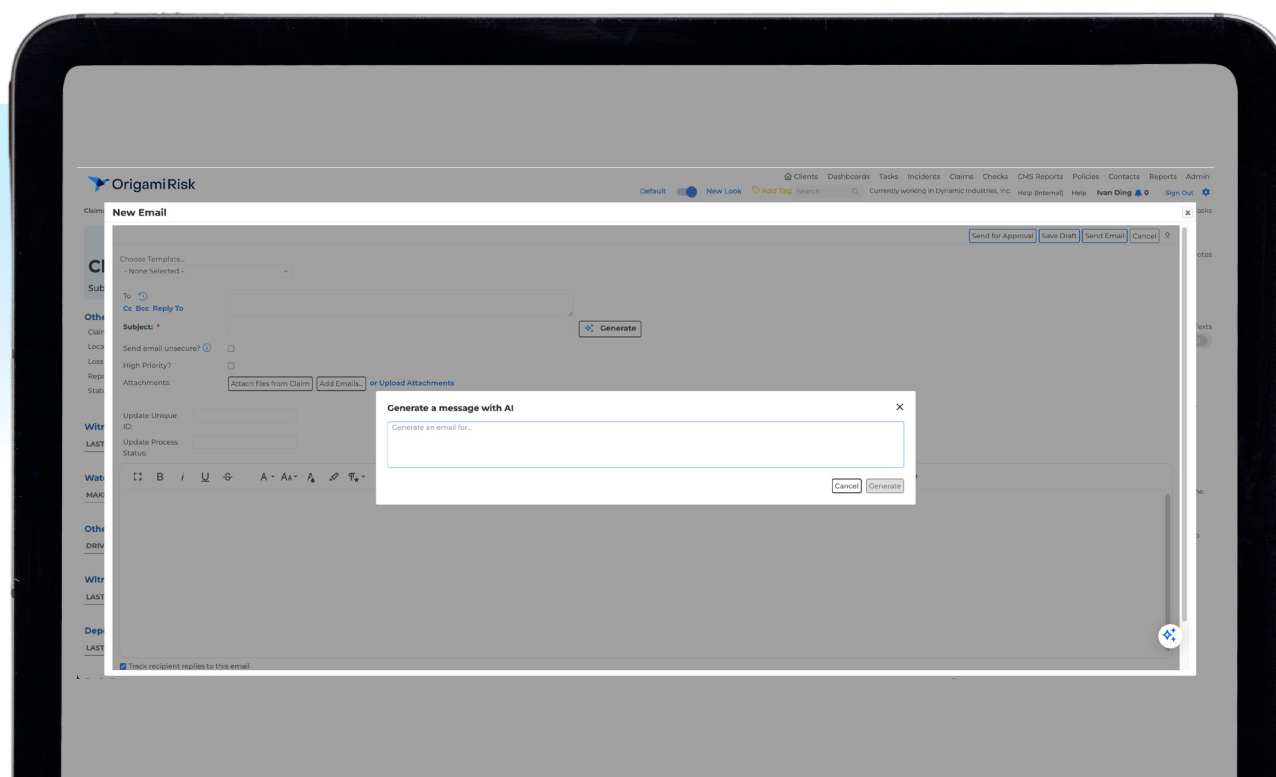

- **Make data-driven choices** quickly and accurately to remain **agile** in rapidly changing risk environments.
- Go beyond basic data analysis, **uncovering the root causes of issues** to drive **targeted responses** and **continuous improvement**.
- **Leverage insights** to stay ahead of emerging challenges, **optimize operations**, and maintain a **competitive edge**.

Partnerships

Third-party vendor relationships play an important role in **optimizing the use of AI** for our clients. We work with providers such as **Clara Analytics and Gradient AI**, who share a vision for the **responsible use of AI** in risk and insurance. Potential partners are **rigorously evaluated** to ensure alignment with our **commitment to exceptional value and service**. By collaborating with these **trusted partners**, Origami **accelerates innovation and transformation** while maintaining a **familiar platform experience and workflow**.

Research & Development

Origami was founded on **understanding how to translate new technology into tools** that help risk and insurance professionals **do their jobs better**. We are **actively integrating AI features**, tailored to meet clients' specific needs, into our platform while **prioritizing feedback** to shape a roadmap that aligns with their preferences and goals.

About Origami Risk

Origami Risk delivers market-leading healthcare risk, safety, quality, and compliance management solutions — all from a single, integrated platform that breaks down data silos, streamlines workflows, and uncovers insights that contribute to improved patient care outcomes. The most experienced service team in the industry ensures that client success is our central focus.
