

Streamlined and Centralized Loss Costs, Ratings, and Forms Save Time and Resources

Speed-to-Market Advantage

With Origami's **full-service approach** to managing bureau content, we take care of **implementing circular updates** for our insurer customers in **near real-time** while allowing insurers to account for **business-defining deviations**, **streamline compliance**, and **expedite their response to market opportunities**.

Complete Bureau Coverage

Origami supports the **most common coverages**, **class codes**, and **forms** for all **50 states plus D.C.** for major lines of business including:

- General Liability
- Commercial Property
- Commercial Auto
- Inland Marine
- Crime
- Commercial Umbrella
- Worker's Compensation

Taxes, fees, and surcharges and statistical data are **supported as well**.

As circulars are received, **combined bureau content is aggregated by Origami**, ensuring **subscription data is accessible** in a uniform system that includes:

- Verisk Insurance Services Office (ISO)
- The National Council on Compensation Insurance (NCCI)
- Independent State Bureaus

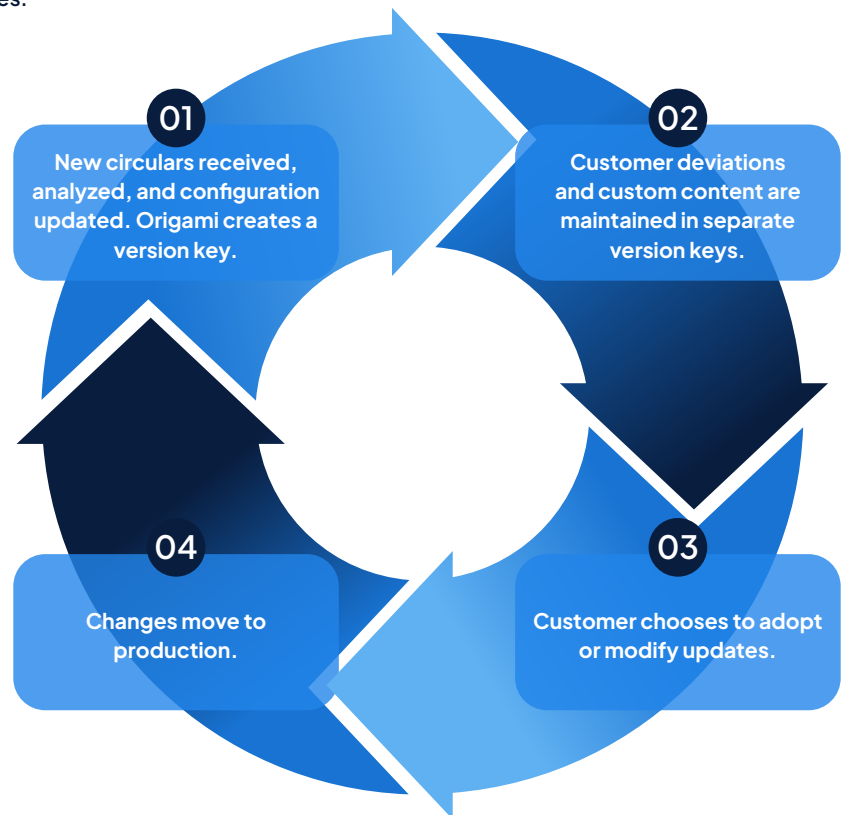

Simplified Updates

Insurers save time and IT resources by leveraging Origami.

The process is simple:

- Bureau circular updates are generally available **90 days prior to the effective date**.
- Custom content and customer deviations are maintained in a separate version key and are **not impacted by ongoing bureau content changes**, removing the complexity of continuous updates.
- All customers access the most current, pre-configured, ready-to-use bureau content and **choose which data to take live in their individual environment**.
