Origami Risk

Improved insights and outcomes through inherently connected data

Origami Risk offers a **single platform** spanning Risk Management Information Systems (RMIS); Environment, Health and Safety (EHS); and Governance, Risk and Compliance (GRC).

This allows our clients to capture all risk, safety, and compliance data in a single system, providing the following advantages:

- **Improved visibility** into **organization-wide risk** from a **single source of truth**

- **Process efficiencies** and **integrated workflows**

- **A simplified IT environment** with no need to maintain multiple applications

- **Better continuity of implementation and service** from a **single vendor**

Risk professional

Benefits to risk leaders:

- **Track the impact** of safety programs on **TCOR**, **negotiate reduced premiums,** and **streamline broker communications**

- Save time and reduce operational costs by **automating workflows** around incident reporting, claims management, and insurance renewal processes

- Fortify a risk-aware culture

Safety professional

Benefits to EHS leaders:

- **Tie safety program to concrete financial data**

- Leverage that data on safety program to gain **internal buy-in**, such as **increased investment in safety initiatives** and **executive support of safety culture**

- Leverage buy-in to execute on **proactive, preventative programs** that send workers home safe

Compliance professional

Benefits to risk leaders:

- Gain visibility into insurable risk and safety programs for a more complete **enterprise risk picture**

- Leverage that visibility to enhance enterprise risk **assessment, mitigation, and management**

- Build improved **compliance and audit trails**
