

Origami Risk RMIS for Insurers Origami Risk

Today's commercial policyholders expect more than manual reports; they want access to real-time insights to manage complex risk. Origami Risk's RMIS solution gives carriers a powerful way to meet that demand by providing branded, read-only access to critical claims data and analytics for a differentiated offering that builds client trust and strengthens retention.

With Origami, insurers can offer their largest clients secure, read-only access to their claims portfolio enabling them to track key losses, monitor claim activity, stay informed with streamlined communication while helping establish business-critical KPIs.

Intuitive, client-ready views strengthen relationships and elevate the overall carrier experience.

With Origami Risk RMIS you can deliver:

Full visibility into claim activity to support a more strategic client relationship

Secure access to claim details, notes, documents, and financials for transparency and trust

Self-service dashboards and reports to reduce ad hoc requests like loss runs and loss triangles

Automated alerts that notify stakeholders of significant claim developments in real time

Why leading insurers choose Origami Risk

- Proven success with Fortune 500 insured corporations, global carriers, brokers, and TPAs
- Extensive network of shared clients creates seamless data handoffs and integrations
- Trusted by teams managing millions of daily claims
- Top-rated software by industry analysts
- Fully configurable and white-labeled for brand experience consistency
